

# 2013 SLURRY SEAL PROGRAM

CITY OF TORRANCE

## ADVANCE NOTICE OF CONSTRUCTION

Dear Homeowner/Resident:

This Notice is to inform you that starting on Monday, August 19th, the City's contractor, VSS International, Inc., will begin "slurry seal" treatment on your street and/or other streets in your neighborhood. "Slurry seal" is a mixture of liquid asphalt and sand applied to streets to extend the life of the street and improve its appearance.

A map and schedule of the slurry seal work for Monday, August 19th through Friday, August 23rd is on the other side of this Notice. Two (2) days prior to performing work on your street, the City's contractor will provide you with another notice as a reminder of the specific day that your street will be slurry sealed. Be advised that the schedule may change due to inclement weather. However, the City intends to always provide adequate notice of work.

Project information also is available on the City's website at [www.TorranceCA.Gov/26073.htm](http://www.TorranceCA.Gov/26073.htm).

### TRAFFIC IMPACTS & ACCESS

To properly apply slurry seal, **each street must be closed for one day from 7:00 a.m. until 4:30 p.m. to allow for the application and drying process. No vehicles will be allowed on your street until the work is complete.** Access to and from your driveway will also be prohibited. If you need to use your vehicle, we suggest you park it on another nearby street, not in the work area. Temporary "NO PARKING" signs, with the date and time of the parking restrictions, will be posted 48 hours in advance of the work. **Please move your vehicle off the street by 7:00 a.m. or your vehicle will be towed at your expense.**

**WET SLURRY SEAL WILL STAIN.** Walking or driving on wet slurry will leave unsightly tracks on the roadway, stick to shoes, and stain car finishes and driveways. **Please do not drive or walk on the slurry seal until the contractor has removed all barricades and traffic cones, which will indicate the street is open to vehicles and pedestrians.** If you have a special need (i.e. medical appointment, delivery, etc.) please contact the Project Engineer or Inspector so they may try to accommodate you. We thank you for your cooperation and patience.

**For questions or more information, please contact the following:**
